

M1 CORRIDOR

Driving Ireland's Economic Future

M1 Corridor Investment Ready Region

**The M1 Corridor
region is at the
centre of economic
activity in Ireland,
driving its future**

Adjacent to the only EU/ UK land border, and the only English speaking EU country. A unique urban-centric region with unrivalled access to talent, connectivity and infrastructure.

Supported by long term government commitment under Project Ireland 2040 to drive future growth potential.

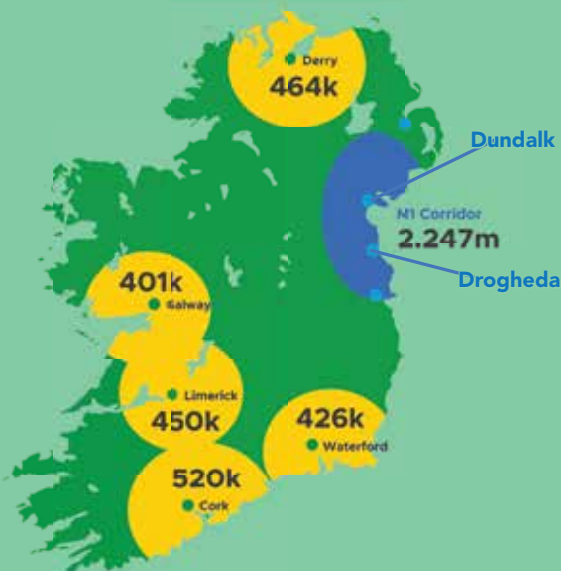

M1 CORRIDOR CONNECTIONS

The M1 East Coast Corridor region connects Ireland's two largest cities, Dublin and Belfast, with the two largest towns, Dundalk and Drogheda at its centre. The region offers unrivalled access to talent and infrastructure. There are 2.25 million people within 60 minutes of Dundalk & Drogheda, over one-third of the population of the island.

M1 CORRIDOR TECHIRELAND

The M1 Corridor is a thriving hub of economic activity with established multinational and indigenous businesses across multiple industry sectors. The region has already established itself as a centre for global excellence with internationally recognised clusters in financial services, existing and emerging technologies, engineering, life sciences and food manufacturing.
