*Free listing in the Local Enterprise Office
Christmas Shopping Directory*

Local Enterprise Office Louth have launched a new campaign encouraging local people to shop local this Christmas, especially when shopping online. The campaign will take place across social media, radio, newspapers and online. Whether shopping in person or online, the Local Enterprise Office are asking local people to **Look for Local** first and foremost.

The Local Enterprise Office have created a [Christmas Shopping Directory](#) with local businesses and their websites listed under a selection of categories. The page will be actively promoted across the county in the weeks ahead.

BE PART OF IT:

To add your business to the [Christmas Shopping Directory](#), just email Tradingonline@leo.louthcoco.ie with your business name, web address, a logo or photo and a 100 word description of your product. Being listed in the directory and in the campaign is completely free of charge.

BE SEEN ON SOCIAL:

The campaign hashtags are **#LookForLocal**, **#LookForLouth** and **#ShopLocal**. Please do include these hashtags in your posts so that the Local Enterprise Office can see and share.

SUPPORT LOCAL:

And don't forget to check out the list when you're doing your own Christmas shopping. No matter what you're looking for, you're bound to find it among Louth's local businesses. Up and down the county, you'll find local businesses with a host of beautiful, thoughtful, useful, funny and innovative gifts and Christmas treats.
